

PROFILE SUMMARY

Aspiring **Full Stack Developer** seeking an opportunity to leverage my skills in **MERN stack, PHP, SQL, and cloud technologies** to build innovative, scalable, and user-centric web applications. Committed to continuous learning and contributing to a dynamic team to solve complex technical challenges.

EDUCATION

Kamla Nehru Institute of Technology

Aug 2021 - Present

(8.0 CGPA)

Bachelor of Technology

Academic Global School

Aug 2018 - Aug 2020

(8.3 CGPA)

Intermediate (PCM)

TECHNICAL SKILLS

Programming Languages: C, C++, JavaScript, Python

Frontend: HTML, CSS, React.js, Redux, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, PHP, REST APIs

Databases: SQL, MongoDB, DBMS, Firebase

Cloud & DevOps: Amazon AWS

Tools & Technologies: Git, GitHub, Linux, OOPS, Figma, Postman

System & Networking: Operating System, Computer Networking

Problem Solving: Data Structures & Algorithms (DSA), Competitive Programming, Code Optimization

WORK EXPERIENCE

Web Developer Intern

Celebrare

Aug 2024 - Feb 2025

- Developed a **full-stack CRM system** for an Album App, improving backend performance by **30%**.
- Integrated **Amazon AWS** to securely store and retrieve **5000+ media files (images, audio, video)**.
- Enhanced **UX by 40%** by implementing zoom, slideshow, and real-time interactive features.
- Assembled a **fully responsive landing page** from Figma designs, achieving **99% pixel accuracy**.
- Researched and proposed **real-time face detection solutions** for selfie applications.

Goldman Sachs Software Engineering Virtual Experience

Forage Virtual Internship

Mar 2024 - Mar 2024

- Suggested password hashing techniques** improving security and reducing **vulnerability risks by 40%**.
- Presented technical documentation on security best practices improving readability **efficiency by 25%**.

PROJECT EXPERIENCE

Intelligent Query Optimizer – SQL Performance Analyzer

- Engineered a tool to analyze and optimize SQL queries, improving query **execution time by 30%**.
- Created a user-friendly interface to input and execute queries in real-time reducing **debugging time by 40%**.
- Implemented syntax highlighting and query validation enhancing query **readability by 50%**.
- Coded using PHP, SQL, and React.

QuizzerApp - Online Quiz Platform

- Built with **MERN stack**, using **MongoDB for database** and **Cloudinary for AI-generated images**.
- Applied **JWT authentication** and **bcrypt password hashing** for security.
- Connected frontend & backend using **CORS** and environment variables (**.env**).

Portfolio Website

- Designed a **fully responsive personal portfolio** using **HTML, CSS, JavaScript, and media queries**.

ACHIEVEMENTS

- Solved 500+ DSA problems on [GeeksforGeeks](#) & [LeetCode](#).
- AWS Certified Cloud Practitioner – validated foundational knowledge of AWS services and cloud concepts.
- Volunteered in 5+ technical events, demonstrating leadership & coordination skills.
